

Supplemental Information

Appendix 1. Factorial structure with loadings on the CFDMS

Items	Psychiatric Care/Treatment		Personal/Social Function		Daily Living		Community Living	
	Consumer	Family member	Consumer	Family member	Consumer	Family member	Consumer	Family member
	Whether to take medication	.483	.705	.128	-.095	.234	.034	.131
Whether to stop medication	.712	.722	.134	.129	.013	.100	-.022	-.083
Whether to decrease medication	.760	.787	.123	-.019	.014	.032	.064	-.019
Whether to follow medication regiment	.725	.707	-.024	-.030	.139	-.014	.124	.242
Whether to admitted to the psychiatric hospital	.698	.747	.145	.053	.050	.012	-.040	.118
Whether to be discharged from the psychiatric hospital	.672	.757	.233	.055	.016	.077	-.094	-.014
To choose a psychiatrist	.657	.592	.002	.197	.126	.018	.197	.208
Whether to attend follow-up visits	.691	.558	-.039	.121	.154	.051	.367	.355
Whether to participated in rehabilitation	.557	.526	.059	.271	.153	.227	.368	.192
Whether to return to work	.133	.116	.658	.749	.148	.279	.255	.142
Whether o choose the type of occupations and jobs	.117	.098	.692	.703	.188	.235	.270	.245
Whether to return to school	.156	.069	.773	.770	.182	.259	.175	.019
Whether to move out from the family	.084	.167	.522	.499	.008	.068	.360	.388

Whether to choose friends	.185	-.009	.640	.665	.517	.389	.016	.031
Whether to get married	.127	.048	.625	.714	.511	.357	.087	.179
Whether to date	.105	.031	.635	.708	.500	.390	.103	.067
Whether to plan for daily activities	.225	.013	.192	.132	.720	.687	.103	.271
Whether to participate in leisure and recreational activities	.203	-.010	.119	.353	.733	.688	.100	.166
What to wear	.109	-.015	.124	.154	.759	.782	.176	.054
Whether to have religion	-.050	.026	.381	.206	.492	.640	.184	.038
Whether to find some hobbies	.056	.268	.144	.008	.695	.738	.162	-.021
Whether to purchase an expensive item (over \$500)	.201	.155	.332	.415	-.114	.022	.523	.658
Whether to have a personal budget	.161	.184	.178	.196	.367	.540	.386	.471
Whether to go on a vacation	.161	.096	.116	.109	.234	.374	.638	.648
Whether to participate in community activities	-.026	.118	.224	.339	.455	.691	.651	.192
Whether to participate in community volunteer activities	-.068	.121	.288	.367	.400	.680	.662	.153
Whether to purchase medical insurance	.181	.199	.206	.086	.088	.209	.683	.750

Tucker's congruence coefficient for similarity between two exploratory factor analyses was .94
