

New and Essential Geriatric Psychiatry Titles

The American Psychiatric Publishing Textbook of Geriatric Psychiatry, Fifth Edition

Edited by David C. Steffens, M.D., M.H.S., Dan G. Blazer, M.D., Ph.D., and Mugdha E. Thakur, M.D.

This Fifth Edition is an indispensable resource for psychiatric clinicians and trainees charged with assessing, diagnosing, and treating mental disorders. Building on the prodigious strengths of previous editions, this revision is the most current, comprehensive, and systematic textbook of geriatric psychiatry available today, and the only one that is DSM-5® concordant.

Widely recognized as the standard in its field, the book serves a critical need for clinicians challenged to meet the mental health needs of an aging population.

Study Guide to Geriatric Psychiatry

A Companion to The American Psychiatric Publishing Textbook of Geriatric Psychiatry, Fifth Edition

Philip R. Muskin, M.D., and Anna L. Dickerman, M.D.

Study Guide to Geriatric Psychiatry is a question-and-answer companion that allows you to evaluate your mastery of the subject matter as you progress through *The American Psychiatric Publishing Textbook of Geriatric Psychiatry*, Fifth Edition. The *Study Guide* is made up of approximately 255 questions divided into 25 individual quizzes that correspond to chapters in the textbook. Questions are followed by an answer guide that references relevant text in the textbook. Each answer is accompanied by a discussion that addresses the correct response and also explains why other responses are not correct.

2017 • 352 pages • ISBN 978-1-61537-045-0 • Paperback • \$62.00 • Item #37045

2017 • 352 pages • ISBN 978-1-61537-106-8 • eBook • \$49.95 • Item #37106

DSM-5® Pocket Guide for Elder Mental Health

Sophia Wang, M.D., and Abraham M. Nussbaum, M.D., FAPA

The *DSM-5® Pocket Guide for Elder Mental Health* is an easily understandable tool for psychiatric and non-psychiatric professionals. It captures the essence of geriatric principles including care coordination, functional status, and the well-being of the caregiver as well as the patient in the context of well-crafted case scenarios. Drs. Wang and Nussbaum have truly operationalized the DSM-5 for geriatric providers and patients.

2017 • 375 pages • ISBN 978-1-61537-056-6 • Paperback • \$65.00 • Item #37056

2017 • 375 pages • ISBN 978-1-61537-119-8 • eBook • \$52.00 • Item #37119

Clinical Manual of Palliative Care Psychiatry

Nathan Fairman, M.D., M.P.H., Jeremy M. Hirst, M.D., and Scott A. Irwin, M.D., Ph.D.

The book seeks to bridge the gulf between principles and practice for two groups of clinicians: front-line palliative care providers with little mental health training and mental health specialists who may lack familiarity with palliative care practice. The book reviews palliative care principles and practice models, treatment of the psychiatric symptoms most commonly encountered in palliative care settings.

2016 • 297 pages • ISBN 978-1-58562-476-8 Paperback • \$61.00 • Item #62476

2016 • 297 pages • ISBN 978-1-61537-061-0 • eBook • \$48.95 • Item #37061

The American Psychiatric Association Practice Guideline on the Use of Antipsychotics to Treat Agitation or Psychosis in Patients With Dementia

American Psychiatric Association

The guideline offers clear, concise, and actionable recommendation statements to help clinicians to incorporate recommendations into clinical practice, with the goal of improving quality of care. Each recommendation is given a rating that reflects the level of confidence that potential benefits of an intervention outweigh potential harms.

2016 • 218 pages • ISBN 978-0-89042-677-7 • Paperback • \$65.00 • Item #2677

2016 • 218 pages • ISBN 978-0-89042-678-4 • eBook • \$52.00 • Item #2678

Office-Based Buprenorphine Treatment of Opioid Use Disorder, Second Edition

Edited by John A. Renner Jr., M.D., Petros Levounis, M.D., M.A., and Anna T. LaRose, M.D.

As the epidemic of opioid misuse and overdose deaths grows in the United States, practical information on evidence-based treatment of opioid use disorder (OUD) becomes increasingly important. This second edition of *Office-Based Buprenorphine Treatment of Opioid Use Disorder* offers just that: accessible and applicable guidance for anyone interested in learning more about prescribing buprenorphine.

Bulleted clinical pearls at the end of each chapter, as well as specific clinical recommendations and detailed case discussions throughout the book, make it easier for readers to retain knowledge and integrate it into their practice.

The guide also features sample documentation and scales, including a treatment contract and a patient consent, that can be used to model documents in practice.

Among the updates in this new edition are chapters that address other pharmacotherapies useful in treating OUD, including methadone and naltrexone, as well as OUD treatment in the context of women's health and pregnancy. As an added bonus, this edition can also be used to complete the 8 hours of qualifying training required for the buprenorphine waiver. By a thorough reading of the material covered in the chapters of this book and successful completion of the posttest, physicians can meet the buprenorphine waiver training requirement.

Culture, Heritage, and Diversity in Older Adult Mental Health Care

NEW!

*Edited by Maria Llorente, M.D., FAPA
APA Council on Geriatric Psychiatry*

The term culture is multifaceted and may refer to one's belief system, values, religion, race, socioeconomic status, ethnicity, language, sexual orientation, geographic location, educational level, age, occupational risks and exposures, and gender. Cultural competence in health care systems is defined as the ability to understand and integrate the features listed above into the provision of health care services. *Culture, Heritage, and Diversity in Older Adult Mental Health Care* prepares clinicians to provide sensitive, high-quality, culturally competent care to geriatric patients from diverse backgrounds and will prove indispensable as patient demographics continue to change.
